

**INCREDIWEAR**

// HOW DOES INCREDIWEAR WORK?

Incrediwear products increase circulation to reduce inflammation & swelling, relieve pain, optimize performance, and accelerate recovery. Unlike compression products, Incrediwear products do not need to compress to work. Instead, our technology incorporates semiconductor elements within our fabric that releases negative ions when stimulated by body heat. The negative ions activate cellular vibrations that increase blood flow and speed. Increasing circulation helps bring more oxygen and nutrients to the target area, which optimizes the body's natural healing process and accelerates recovery.

PERFORM INCREDIBLY
*Be at the top of your game.
Perform at your peak, every day.*

"FOR WEEKS, I HAD BEEN SUFFERING WITH CONSTANT ELBOW PAIN. AFTER WEARING THE SLEEVE FOR ONE NIGHT, MUCH OF THE PAIN HAD DISAPPEARED, AND BY THE 3RD NIGHT OF WEARING THE SLEEVE, THE PAIN WAS COMPLETELY GONE. I WAS SO IMPRESSED WITH THE RESULTS THAT I DECIDED TO PURCHASE AN INCREDIWEAR BODY SLEEVE THE DAY I STRAINED MY BACK. I WAS ABOUT TO CANCEL MY TENNIS DATE FOR THE FOLLOWING DAY, BUT I DECIDED TO WAIT AND SEE HOW I FELT AFTER WEARING THE BODY SLEEVE. WELL, NEEDLESS TO SAY, I WAS WELL ENOUGH THE NEXT MORNING TO PLAY TENNIS AGAIN, TO THE AMAZEMENT OF ALL MY TENNIS PARTNERS. THANK YOU AGAIN FOR INTRODUCING ME TO THIS INCREDIBLE PRODUCT. IT CERTAINLY LIVES UP TO IT'S NAME."

- Raymond Szczybek, PGA Golf Professional

"WHEN I WEAR THE INCREDIWEAR CALF SLEEVE, I DON'T EVEN KNOW IT'S THERE. BUT, I DO KNOW IT'S WORKING BECAUSE I SEE IT IN MY RESULTS. I HAVE MORE ENERGY, I'M LESS FATIGUED, AND I DON'T HAVE PAIN FROM SHIN SPLINTS ANYMORE!" - Manteo Mitchell, Olympic Medalist

// SLEEVES & BRACES

Incrediwear Sleeves and Braces are scientifically proven to reduce inflammation & swelling, and accelerate recovery. Our Sleeves & Braces optimize recovery between training sessions to enhance performance and reduce the risk of injury.

// SOCKS

Incrediwear's line of Socks can be used for a wide range of sports and activities to relieve foot fatigue & pain. Our breathable, moisture wicking design provides maximum comfort to keep you on your feet all day.

// APPAREL

Incrediwear's Performance Apparel is for those looking to push the limits of their performance. Our unique fabric blend enhances the ability to perform by providing rapid recovery and reducing muscle fatigue.

// INCREDIWEAR HAS SHOWN TO EFFECTIVELY REDUCE SYMPTOMS ASSOCIATED WITH:

- Sprains/Strains
- High Impact Injuries
- Tendonitis
- Muscle Fatigue
- Post-Operative Healing
- Arthritis
