MIND-BODY WELLNESS TECHNOLOGIES

CHROMOZONE
A Full-Spectrum Reset

Powered by Light & Sound

The next frontier of wellbeing begins with a fusion of light and curated sound. Designed to recalibrate energy and mood for a luminous, touchless transformation.

A pioneering wellness technology that fuses **light therapy** with **curated music**, creating a deeply resonant dialogue between body, mind, and sound.

Each of the four LED wavelengths — Green, Yellow, Red, and Infrared — is selected for its unique biological impact.

But it's the synergy with music—tuned to each treatment's vibrational signature and light wavelength—that makes the ChromoZone experience truly unique.

With over **4,600 precision-calibrated LEDs**, 45 pre-set protocols, and a fully integrated sound system, ChromoZone supports:

- **Sleep regulation**
- **Sports recovery and reduced inflammation**
- **Mood balancing and nervous system regulation**
- **Skin rejuvenation, immune system function, and lymphatic wellness**
- **Mental Wellbeing and energy boost**
